

WASHINGTON – Congressman John W. Olver (1st District) announced today that the House Appropriations Committee has included funding for safety improvements on a stretch of highway in western and central Massachusetts.

Olver serves on the Transportation Subcommittee of the Appropriations Committee and included the funding for safety improvements on a stretch of highway in western and central Massachusetts.

"This funding will make significant safety improvements on a stretch of highway that is known for its dangerous conditions, particularly in the winter months. This funding will make significant safety improvements on a stretch of highway that is known for its dangerous conditions, particularly in the winter months.

This earmark will fund a range of safety improvements. The project includes widening shoulders, creating additional travel lanes, and improving drainage. This earmark will fund a range of safety improvements. The project includes widening shoulders, creating additional travel lanes, and improving drainage.

The safety improvements earmarked in the transportation bill are part of an on-going effort to improve the safety of our nation's highways. The safety improvements earmarked in the transportation bill are part of an on-going effort to improve the safety of our nation's highways.

Route 2 is the major east-west highway in western and central Massachusetts. In the eastern part of the state, Route 2 is the major east-west highway in western and central Massachusetts. In the eastern part of the state, Route 2 is the major east-west highway in western and central Massachusetts.

Last year, Olver secured \$3 million for the realignment of the Route 2 bypass of the Erving Paper Mill.
